And before you decide to flame me in the comments section, these observations are as a result of 18 years working in IT & consultancy and experiencing dozens of near-shore/far-shore outsourcing companies, none of whom were ever able to deliver solutions and services which were previously being better done, more economically by in-house staff.

8 Reasons Why Insourcing is the New Outsourcing in Innovation
Delegating a job to someone within a company, as opposed to someone outside of the company (outsourcing). One reason for insourcing to occur is if a company had previously outsourced a certain task, but was no longer satisfied with the work being done on that task, so the company could therefore insource the task and assign it to someone within the company who they believe will do a better job.
