The Minds Eye Oliver Sacks

In The Mind's Eye, Oliver Sacks tells the stories of people who are able to navigate the world and communicate with others despite losing what many of us consider indispensable senses and abilities: the power of speech, the capacity to recognize faces, the sense of three-dimensional space, the ability to read, the sense of sight. For all of these people, the challenge is to adapt to a radically new way of being in the world.

"Is there anyone who’s done more to elucidate the ability in disability than Oliver Sacks?... In Sacks’ world, even with great loss there are fascinating compensations.” —People “Unfailingly wise, humane and edifying. ... The Mind’s Eye is a welcome addition

The Mind's Eye: Oliver Sacks: 9780307473028: Amazon.com: Books
Like The Man Who Mistook His Wife for a Hat and Other Clinical Tales, The Mind's Eye is a collection of case studies by neurologist Oliver Sacks (who is perhaps best known for his bringing Temple Grandin, an extremely successful woman with autism to the attention of the public and for the film with Robin Williams based on his book Awakenings).

The Mind's Eye by Oliver Sacks - Goodreads
The Mind's Eye by Oliver Sacks - review. A rare consequence of brain injury, it is now understood to be quite common in the general population, varying in severity from habitual misrecognition of acquaintances to not recognising one's own children. Sacks's problem seems to fit at the more severe end of the spectrum,...

The Mind's Eye by Oliver Sacks - review | Books | The Guardian
In The Mind's Eye, Oliver Sacks explores some of the most fundamental facets of human experience—how we see in three dimensions, how we represent the world internally when our eyes are closed, and the remarkable, unpredictable ways that our brains find new ways of perceiving that create worlds as complete and rich as the no-longer-visible world.

Summary and reviews of The Mind's Eye by Oliver Sacks
Such familiar slips, and how we handle them, are the stealth subjects of Sacks’ latest book. “The Mind’s Eye” is a collection of essays — some of which have already appeared in The New ...
